

# The WGC at the UNFCCC Climate Dialogues

DECEMBER 10, 2020 BY WGC

---

The UNFCCC Climate Dialogues were organized by the SB chairs Tosi Mpanu Mpanu (Democratic Republic of Congo) and Marianne Karlsen (Norway), in collaboration with the COP 25 Presidency and incoming COP 26 Presidency and took virtually place between 23 November to 4 December 2020.

During the dialogues the network of the Women and Gender Constituency took part in different events, workshops, dialogues and ceremonies as active observers as well as silent participants. Similar to the climate conference our objectives were to observe the narratives from different Parties and country groups, to provide our expertise throughout all thematic and to raise our voices for human rights, gender equality and climate justice.

Please find our video and demands during the #ClimateDialogues below. In addition, we took the floor for questions, comments and expertise throughout all events of which many can be found on the [UNFCCC conference page](#).
