Do you have an initiative that is transforming food & farming? Share it with us to get visibility & inspire others!

To make the EU Green Deal a reality, we will need to transform food and farming. The organic movement has always been a frontrunner and source of innovation. Across Europe a number of organic and other initiatives are already transforming food and farming, on the path to our shared Vision 2030.

Together we can make organic and truly sustainable farming widely available and recognised. If you have an initiative that can be an inspiration to other food and farming actors as well as to policy-makers, let us and the world know and submit it to [EUorganic2030.bio](https://euorganic2030.bio).

If your initiative is deemed to meet the goals of our vision, we will promote it on our social media – showcasing strategic actions to show that fair, environmentally conscious, healthy and caring food and farming systems are possible!
