

# The Future of Organic Farming & the Common Agricultural Policy post-2020

Join our high level political event with representatives of the Finnish Ministry of Agriculture, the Finnish Environmental Ministry as well as Finnish organic farming associations. Policymakers will cover key topics like the CAP post-2020, GMOs and regenerative carbon farming and will discuss them with the international audience.

[The detailed programme and the link for registration](#) are available here.

Following the event the IFOAM EU Interest Group of Organic Farmers will have a two days meeting. In case you are interested in the work of the Interest Group of Organic Farmers, please contact [thomas.haselberger@ifoam-eu.org](mailto:thomas.haselberger@ifoam-eu.org).
